# Overview of changes to Retail tables

We have updated our data tables to reflect our Draft Determination Representations in accordance with Ofwat requirements, including updating 2023-24 forecasts with actuals for both APR aligned and non-APR aligned data.

We have provided commentary on material changes made to the data in the tables. Please refer to our original data table commentary (ANH07 to ANH18) if more information is required.

We have made changes to the following Retail table since submitting the version of our data tables that our Draft Determination is based on (ANH03 Data tables - March 2024 update). Please see the Change Log in ANH\_DD\_004 - v7 Main data tables for a more detailed summary and the individual table itself for changes in red font:
